Frida

Simple sculptural beauty

DESIGN
Odo Fioravanti, 2008

EN — Frida, winner of the XXII Compasso d'Oro ADI "for its simple sculptural beauty", is a seating that combines beauty, innovative technologies and love for details. Its innovative character takes shape in the use of solid oak combined with three-dimensional plywood, to obtain a chair extraordinarily lightweight, equally **ergonomic and resistant**.

IT — Frida, vincitrice del XXII Compasso d'Oro ADI "per la semplice bellezza scultorea", è una seduta capace di coniugare bellezza, tecnologie d'avanguardia e amore per i dettagli. Il suo carattere innovativo si riconosce nell'utilizzo del massello di rovere abbinato al multistrato tridimensionale, per dare forma ad una sedia estremamente leggera, ergonomica e resistente.

Babila XL

Reloaded memory

DESIGN
Odo Fioravanti, 2020

EN — The Babila XL armchair with a polypropylene shell stands out for the large dimension of its seat and armrests. The aim is to offer greater seating comfort, also through the padded lining recalling a woman's dress. Babila XL "recycled grey" version is one of the first products made from recycled polypropylene: 50% from post-consumer plastic waste and 50% industrial plastic waste.

IT — Babila XL è una poltrona con la scocca stampata in polipropilene che si connota per le dimensioni ampie della seduta e del bracciolo. L'obiettivo è quello di offrire un comfort generoso di seduta, grazie anche al rivestimento imbottito, quasi a ricordare un abito femminile. La versione Babila XL "recycled grey" rappresenta uno dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto di materiale plastico industriale.

Babila Twist

Reloaded memory

DESIGN
Odo Fioravanti, 2022

EN — Babila Twist is a steel armchair characterised by a large and welcoming shell woven with a flat cord in polypropylene. Babila Twist's distinguishing feature is the combination of a woven body and a tubular steel frame with slats for the seat. These are screwed, making them easy to disassemble. A comfortable cushion is covered in fabric for outdoor use.

IT — Babila Twist è una poltroncina in acciaio caratterizzata da una seduta ampia e accogliente, ricoperta da un intreccio realizzato con una corda piatta di polipropilene. Il tratto distintivo di Babila Twist è la combinazione tra una scocca intrecciata e il telaio in tubo d'acciaio provvisto di doghe per la seduta, uniti attraverso viti che consentono un agile disassemblaggio. Sulla seduta di Babila Twist appoggia un confortevole cuscino rivestito con un tessuto per esterno.

Phília

Italian twist

DESIGN

Odo Fioravanti, 2024

EN — Philia is a collection of outdoor seatings reminiscent of the traditional Italian garden chairs. A side chair and armchair featured by rational and geometric lines that blend with softer forms typical of the human body. Philia is characterised by a resistant steel tubular frame, while seat and backrest are wrapped in a pvc cord, textured with lines, that, thanks to horizontal direction weaving, intersects at the centre to ensure elasticity and high resistance.

IT — Philia è una collezione di sedute outdoor che riprende le linee delle sedie per esterno della tradizione italiana. Una sedia e una poltrona caratterizzate da linee razionali e geometriche, che si fondono a una gentilezza di forme più morbide tipiche del corpo umano. Philia si distingue per un telaio resistente in tubolare d'acciaio, mentre la seduta e lo schienale sono avvolti in tubolare d'acciaio, mentre la seduta e lo schienale sono avvolti da una fettuccia in materiale plastico dalla superficie goffrata che, orbita a mano in orizzontale, crea un incrocio centrale in grado di garantire elasticità e resistenza.

DESIGN
Alessandro Busana, 2024

EN — Stylistic simplicity and organic shapes define Laja 2 collection. A chair and armchair featured by an injected polyurethane foam seat with elastic belts, and a flexible, welcoming backrest. The distinguishing feature of the collection are the four die-cast aluminium legs, obtained from a single mould.

Una sedia e una poltrona caratterizzate da una seduta in schiumato poliuretano con cinghie elastiche e da uno schienale flessibile ed accogliente. Blume

Flower silhouette

DESIGN
Sebastian Herkner, 2020

EN — Blume draws inspiration from the concepts of elegance and sophistication. Featured by a soft and rounded shape, the collection owes its distinctive appearance to its sophisticated flower-shaped profile in anodised extruded aluminium. An extremely comfortable collection, in which the slender frame and the soft polyurethane foam are combined.

IT — Blume trae ispirazione da un'idea di eleganza e raffinatezza. Una collezione caratterizzata da forme morbide e arrotondate, la cui forza distintiva emerge dal sofisticato profilo in estruso di alluminio anodizzato con una silhouette a forma di fiore. Il telaio prezioso e sottile e la soffice imbottitura in schiumato poliuretano si uniscono rendendo questa collezione assai confortevole.

Remind

Between mind & heart

DESIGN
Eugeni Quitllet, 2018

EN — While evoking the soft sinuous curves of wooden chairs from the late nineteenth century, Remind's organic silhouette recalls something never seen before, a universal shape able to fit into any space and style of decor. The result is an innovative polypropylene armchair, in which each element is conceived to ensure total comfort and cosiness.

IT — Remind riprende la memoria delle curve morbide e sinuose delle sedie in legno della seconda metà del XIX Secolo. La sua essenza si esprime attraverso una silhouette dalle forme organiche capace di "ricordare qualcosa mai visto prima", una forma universale in grado di adattarsi a qualsiasi spazio e stile. Una poltroncina innovativa in polipropilene in cui ogni elemento è pensato per conferire comfort e avvolgenza.

DESIGN
Eugeni Quiliet, 2022

EN — Souvenir reinterprets the classic chairs of the Jardin des Tuileries or the Jardin du Luxembourg in Paris. Souvenir echoes their iconic shape, reinterpreting them through a new material. The result is a monoblock made of polypropylene designed specifically for outdoor use. Very light yet resistant, it stands out for its harmonious shape, integrating all its constituent elements in an organic and natural way.

Soul

Pure creativity

DESIGN
Eugeni Quitllet, 2018

EN — The concept of Soul stems from the idea of creating a chair using a blend of age-old methods and cutting-edge techniques. Its ash structure has a minimalist, flowing silhouette, characterized by a harmonious interplay of curves and lines. The ergonomic polycarbonate seat, that appears suspended, can be padded to enhance its comfort. The outdoor version made of aluminium, with a seat in teak slats, ensures strength and lightness.

IT — La poltrona Soul nasce dal desiderio di creare una seduta ricorrendo a metodi tradizionali e sfruttando al tempo stesso la tecnologia. Linee sinuose caratterizzano una struttura in frassino resa dinamica e di carattere grazie al gioco armonico di curvature e dolci inclinazioni. Il sedile ergonomico in polycarbonato, che pare sospeso, può essere imbottito per esaltarne il comfort.

La versione outdoor realizzata in alluminio, con sedile con doghe in teak sagomate, garantisce resistenza e leggerezza.

Sunset

Lounge horizon

DESIGN
Alessandro Busana, 2017

EN — Sunset is a collection of lounge modular seating. A squared volume in polyethylene, with fine roundness downward, embraces the wide seat while horizontal lines run along the outer profile.

IT — Sunset è una collezione di sedute lounge modulari. Un volume squadrato in polietilene abbraccia l'ampia seduta mentre linee orizzontali corrono lungo il perimetro esterno.
