Arki-Stool

A perfect balance

DESIGN
Pedrali R&D, 2017

EN — Arki-Stool joins Arki collection which reviews the industrial look in a functional way. A steel footrest on the legs creates a nice contrast to the naturalness of the wood.

IT — Arki-Stool amplia la collezione Arki che rivisita il look industriale in chiave funzionale. Un poggiatepiedi in acciaio abbraccia le gambe, creando un piacevole contrasto con la naturalezza del legno.

Brera

Casual-chic ergonomics

DESIGN
Pedrali R&D, 2012

EN — Compact dimensions and ergonomic features for Brera Collection, whose name evokes the glamour of trendy restaurants in the chic Milan district. The solid oak structure together with the sinuous profile of the backrest, offer lightness and agility. The result is a comfortable seating and equally refined.

IT — Dimensioni contenute e forme ergonomiche per la collezione di sedie e sgabelli Brera che, grazie ad un nome evocativo, richiama i locali glamour e alla moda del quartiere più chic di Milano. Il rigore strutturale del rovere, unito alla linea sinuosa dello schienale, suggerisce leggerezza e agilità. Ne deriva una seduta funzionale e confortevole, oltre che esteticamente raffinata.

Narì

A family tradition

DESIGN

Andrea Pedrali, 2023

EN — Narì echoes some of the elements of the first forged iron garden chairs from Pedrali's 1960s collection in a contemporary key. The distinctive feature of the legs is evoked using a double steel tube that features a simpler, more linear shape. This woven element tightens towards the lower part of the seat and widens towards the top, calling to mind the fan-shaped geometry inspired by the backrest of the Serenella armchair. A tribute of the designer to his grandfather Mario Pedrali, founder of the company.

IT — Narì riprende alcuni degli elementi delle prime sedie da giardino realizzate in ferro battuto presenti nella collezione Pedrali degli anni Sessanta reinterpretandoli in chiave contemporanea. L'elemento distintivo delle gambe viene rievocato ora attraverso l'utilizzo di un doppio tubo d'acciaio dalla forma più lineare e semplice. L'incordatura si stringe nella parte inferiore della seduta e si allarga verso l'alto per richiamare la geometria a ventaglio ispirata allo schienale della poltrona Serenella. Un tributo del designer al nonno Mario Pedrali, fondatore dell'azienda.

Fasten your seat, belt!

DESIGN
Mandelli Pagliarulo, 2018

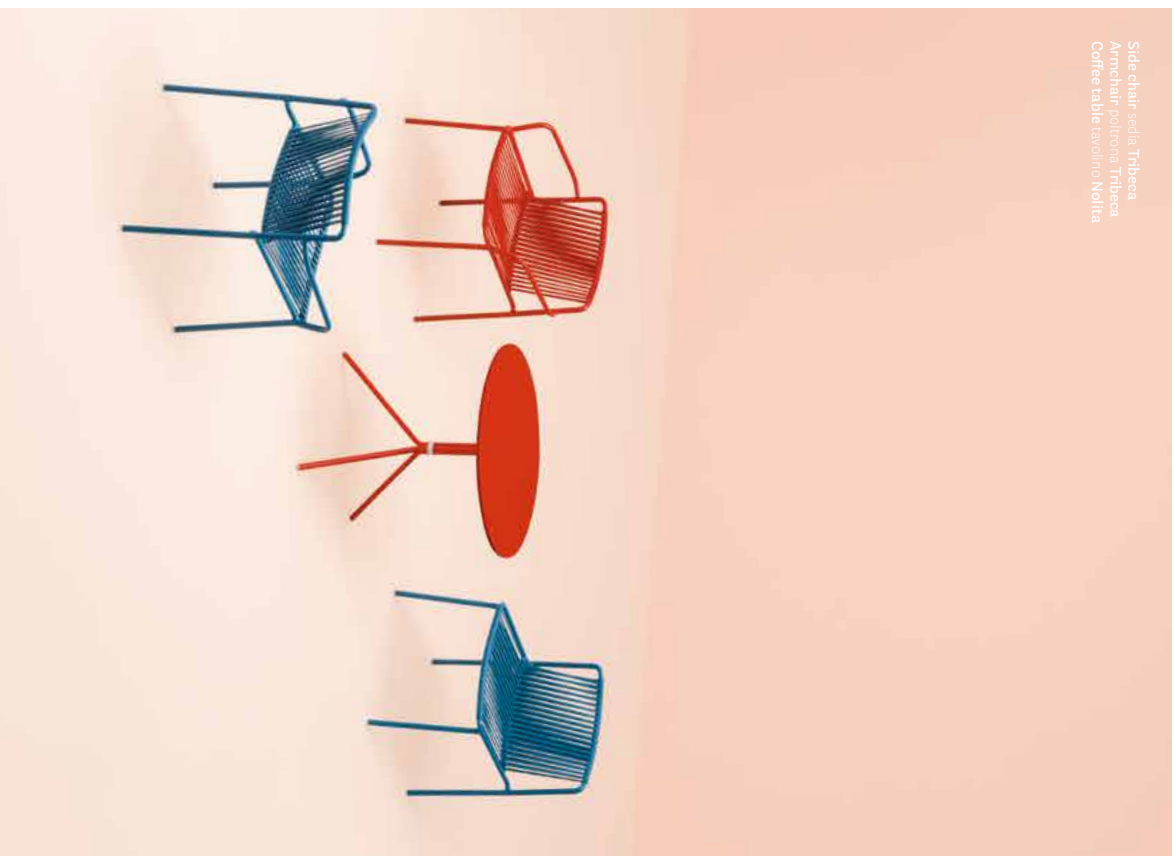

EN — Tribeca takes us back in time with a modern reinterpretation of classic Sixties patio chairs made from steel and woven cord. A true icon, revisited with new materials: a solid tubular frame, combined with the elasticity of a profile in vertically-woven plastic material.

IT — Tribeca nasce dagli echi confortanti della memoria, una reinterpretazione in chiave moderna delle classiche sedute da terrazza anni Sessanta realizzate in acciaio con intreccio. DESIGN
Mandelli Pagliarulo, 2015

EN — Nolita is a family of outdoor seatings which recalls the origins of a historic course, started by Mario Pedralli in 1963 with his first metal garden chairs. The collection seems to arise from the memories of a sunny and lively square, a timeless place, giving birth to simple and iconic shapes. IT — Nolita è una famiglia di sedute da esterni che rievoca le origini di un percorso storico, iniziato da Mario Pedralli nel 1963 con le sue prime sedie da giardino in metallo. Malmö

Nordic essence

DESIGN

Cazzaniga Mandelli Pagliarulo, 2012

EN — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.

IT — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

Nemea

Athletic agility

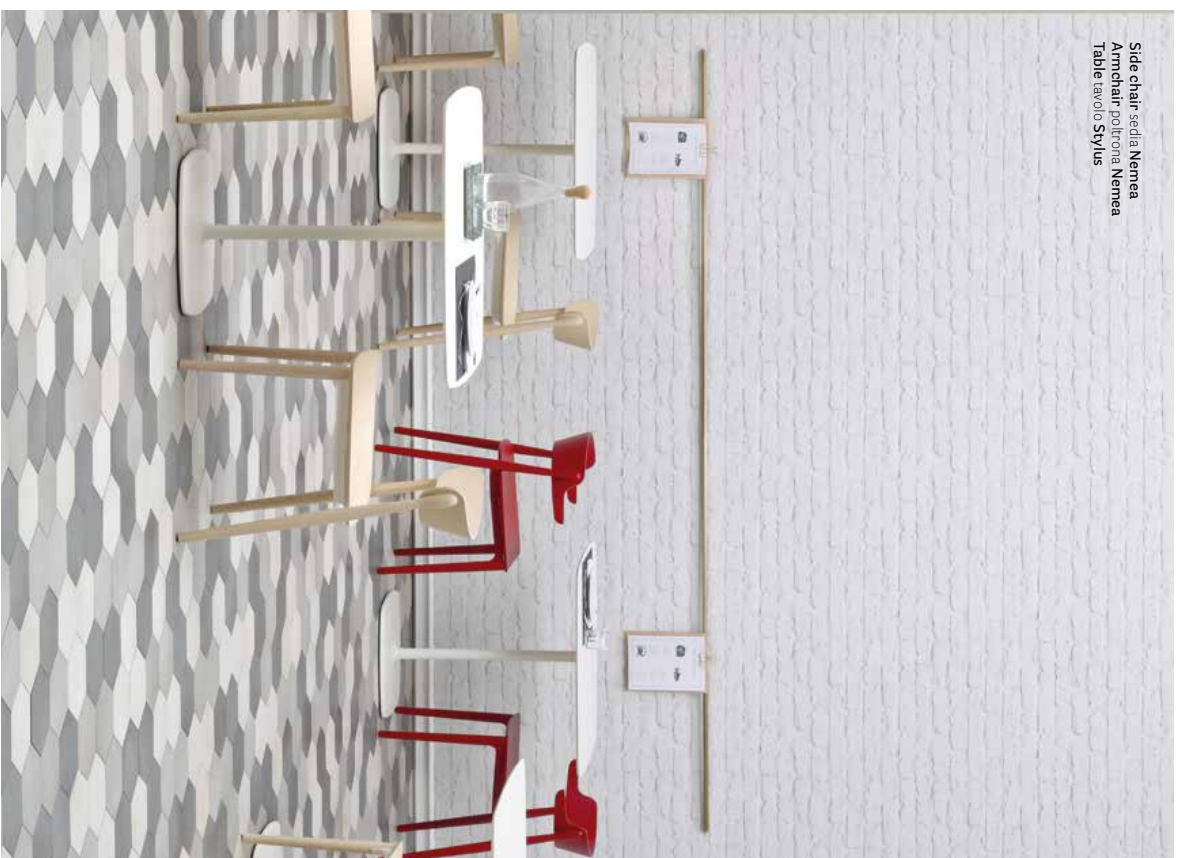

DESIGN
Cazzaniga, Mandelli Pagliarulo, 2015

EN — Nemea is a seating collection made of solid wood legs and plywood backrest, recalling the idea of classic gracefulness shaped by time and history. Its sinuous legs fit into the die-cast aluminium frame placed under the seat. The embracing backrest completes the seat, distinguishing the chair from the armrest version.

IT — Nemea è una collezione di sedute con gambe in legno massello e schienale in multistrato la cui forma richiama l'idea di leggerezza classica plasmata nel tempo e dalla storia. Le sinuose gambe si innestano al nudo telaio in pressofusione di alluminio posto sotto il sedile. Lo schienale avvolgente completa la seduta distinguendo la versione sedia da quella con braccioli.

Folk

Now traditional chair

DESIGN
Cazzaniga Mandelli Pagliarulo, 2019

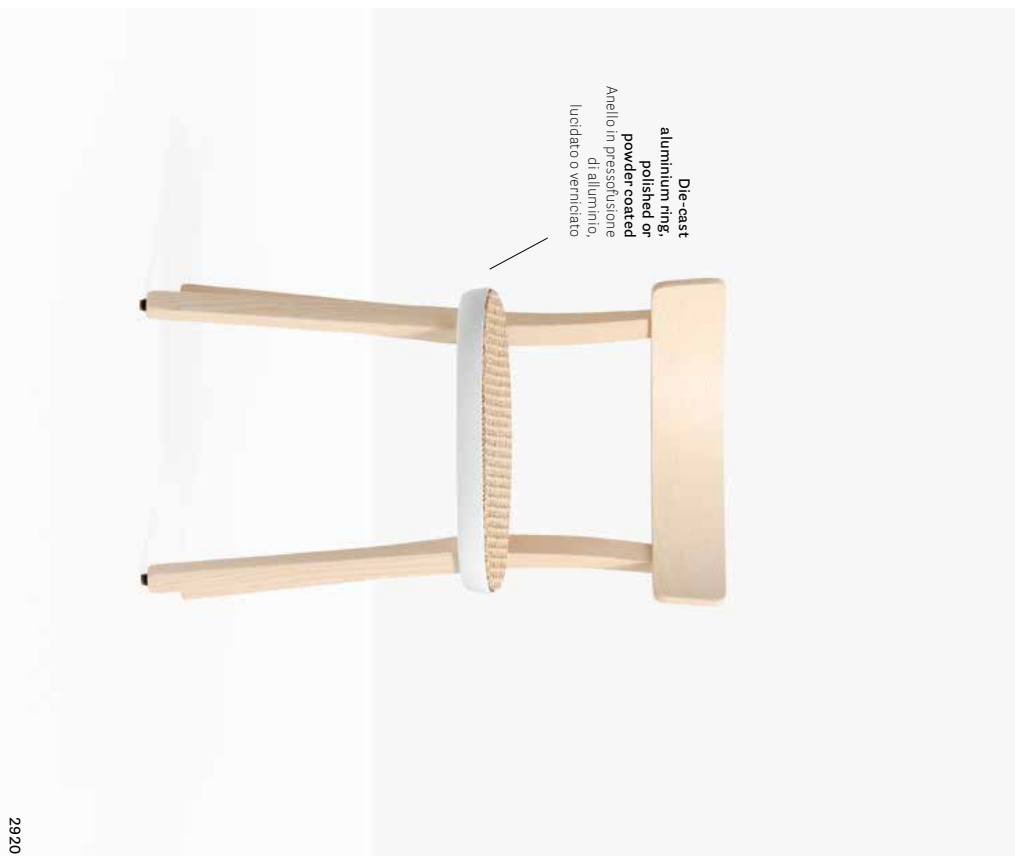

EN — Folk collection accentuates the quest for simplicity. Its friendly character, the warmth of ash wood, the soft and compact dimensions, human lines seamlessly convey the concept of a chair that speaks a universal language. The power of proportions is clearly evident in the time-tested forms, re-elaborated with the new possibilities offered by technology. The use of the cane seat guarantees visual lightness and maximum durability.

IT — La collezione Folk è il risultato di una ricerca della semplicità. Il carattere amichevole, il tepore del frassino, le dimensioni compatte, le linee morbide e umane sembrano trasmettere l'idea di sedia in un linguaggio universale. La forza della proporzione si esprime in modo chiaro nelle forme consolidate dalla tradizione rielaborate con nuove possibilità tecnologiche. L'utilizzo della paglia di Vienna garantisce leggerezza ottica e massima resistenza.

Jamaica

Italian bohème

DESIGN

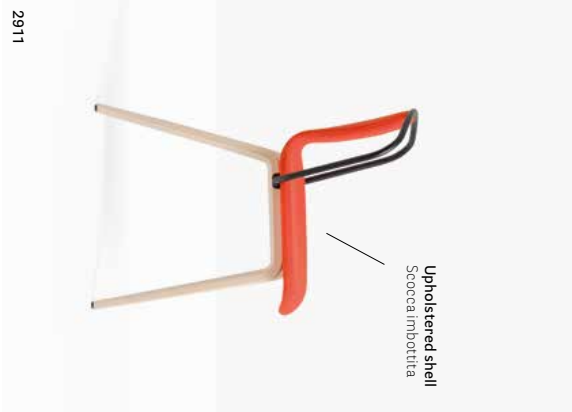

Cazzaniga Mandelli Pagliarulo, 2019

EN — Jamaica was inspired by Bar in Milan's Via Brema, a legendary hub for intellectuals and artists in the twentieth century. The elegance of this chair speaks of an age in which art, technology and the imagination came together to give a human face to the aesthetics of machines, reimagining a peaceful world with creative sociability. The result is a modernist collection which reworks the classic forms of the past with a contemporary edge.

IT — Jamaica si ispira al celebre Bar di via Brema a Milano, che fu ritrovo di intellettuali e artisti del secolo scorso. L'eleganza della seduta ci parla di un'epoca in cui l'arte, la tecnica e la fantasia sedettero a tavola per dare un volto umano all'estetica delle macchine, per reinventare un mondo pacifico e una convivialità creativa. Il risultato è una collezione modernista che, guardando con ironia alla tradizione, reinterpretava le forme storiche del passato.

Jeff

Shaping comfort

DESIGN
Patrick Norguet, 2022

EN — Jeff is a contemporary modular sofa system. It is designed as a set of miniature architectures, skilfully combined to create multiple modular and reconfigurable scenarios. The distinguishing feature of Jeff is its harmony of volumes: the squared backrest pairs with a delicate seat to soften and give balance to the whole structure.

IT — Jeff è un sistema di divani modulare e componibile dal carattere contemporaneo. È progettato come un insieme di piccole architetture che, combinate tra loro, danno vita a molteplici scenari componibili e riconfigurabili. Elemento caratterizzante di Jeff è l'armonia dei volumi: forme squadrate sono abbinate a curve delicate capaci di ammorbidire e donare equilibrio all'insieme.

Sign

Elegance is an attitude

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Sign armchair stands out for a slim structure that defines its outline with tapered thin armrests, hosting a comfortable padded seat. The peculiar section of the frame and backrest offers optimal comfort and ergonomics as well a linearity rich of details.

IT — La poltrona Sign è caratterizzata da una struttura esile che accompagna il perimetro accogliendo la confortevole seduta imbottita con affusolati braccioli rastrenati. La particolare sezione dei montanti e dello schienale garantiscono un confort ed una ergonomia ottimale unite ad una linearità ricca di dettagli.
